Robert Wood Johnson  
Foundation

## INTRODUCTION

The *County Health Rankings & Roadmaps* program brings actionable data and strategies to communities to make it easier for people to be healthy in their homes, schools, workplaces, and neighborhoods. Ranking the health of nearly every county in the nation, the *County Health Rankings* illustrate what we know when it comes to what is making people sick or healthy. The *Roadmaps* show what we can do to create healthier places to live, learn, work, and play. The Robert Wood Johnson Foundation (RWJF) collaborates with the University of Wisconsin Population Health Institute (UWPHI) to bring this program to cities, counties, and states across the nation.

## WHAT ARE THE COUNTY HEALTH RANKINGS?

Published online at [countyhealthrankings.org](http://countyhealthrankings.org), the *Rankings* help counties understand what influences how healthy residents are and how long they will live. The *Rankings* are unique in their ability to measure the current overall health of nearly every county in all 50 states. They also look at a variety of measures that affect the future health of communities, such as high school graduation rates, access to healthy foods, rates of smoking, obesity, and teen births. Communities use the *Rankings* to help identify issues and opportunities for local health improvement, as well as to garner support for initiatives among government agencies, healthcare providers, community organizations, business leaders, policy makers, and the public.

## DIGGING DEEPER INTO HEALTH DATA

Although we know that a range of factors are important for good health, every state has communities that lack both opportunities to shape good health and strong policies to promote health for everyone. Some counties lag far behind others in how well and how long people live – which we refer to as a “health gap.” Find out what's driving health differences across your state and what can be done to close those gaps. Visit [countyhealthrankings.org/reports](http://countyhealthrankings.org/reports).

To further explore health gaps and other data sources in your community, check out the feature to [find more data](#) for your state and [dig deeper](#) on differences in health factors by geography or by population sub-groups. Visit [countyhealthrankings.org/using-the-rankings-data](http://countyhealthrankings.org/using-the-rankings-data).

## MOVING FROM DATA TO ACTION

*Roadmaps to Health* help communities bring people together to look at the many factors that influence health and opportunities to reduce health gaps, select strategies that can improve health for all, and make changes that will have a lasting impact. The *Roadmaps* focus on helping communities move from *awareness* about their county's ranking to *actions* designed to improve everyone's health. The *Roadmaps to Health* Action Center is a one-stop shop of information to help any community member or leader who wants to improve their community's health by addressing factors that we know influence health, such as education, income, and community safety.

Within the Action Center you will find:

- Online step-by-step guidance and tools to move through the Action Cycle
- [What Works for Health](#) – a searchable database of evidence-informed policies and programs that can improve health
- Webinars featuring local community members who share their tips on how to build a healthier community
- Community coaches, located across the nation, who provide customized consultation to local leaders who request guidance in how to accelerate their efforts to improve health. You can contact a coach by activating the Get Help button at [countyhealthrankings.org](http://countyhealthrankings.org)

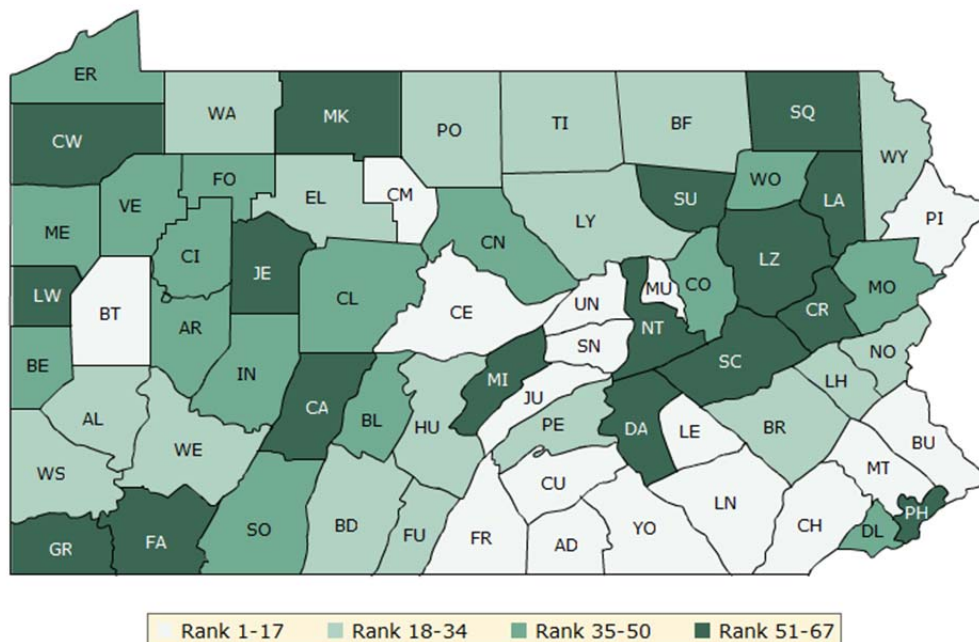

## HOW CAN YOU GET INVOLVED?

You might want to contact your local affiliate of United Way Worldwide, the National Association of Counties, Local Initiatives Support Corporation (LISC), or Neighborworks— their national parent organizations have partnered with us to raise awareness and stimulate action to improve health in their local members' communities. By connecting with other leaders interested in improving health, you can make a difference in your community. In communities large and small, people from all walks of life are taking ownership and action to improve health. Visit [countyhealthrankings.org](http://countyhealthrankings.org) to get ideas and guidance on how you can take action in your community. Working with others, you can improve the health of your community.

### HOW DO COUNTIES RANK FOR HEALTH OUTCOMES?

The green map below shows the distribution of Pennsylvania’s **health outcomes**, based on an equal weighting of length and quality of life.

Lighter shades indicate better performance in the respective summary rankings. Detailed information on the underlying measures is available at [countyhealthrankings.org](http://countyhealthrankings.org).

County	Rank	County	Rank	County	Rank	County	Rank
Adams	8	Clinton	36	Lackawanna	60	Pike	14
Allegheny	26	Columbia	37	Lancaster	9	Potter	29
Armstrong	49	Crawford	54	Lawrence	62	Schuylkill	61
Beaver	39	Cumberland	5	Lebanon	16	Snyder	10
Bedford	22	Dauphin	51	Lehigh	28	Somerset	38
Berks	25	Delaware	35	Luzerne	64	Sullivan	65
Blair	46	Elk	33	Lycoming	19	Susquehanna	53
Bradford	23	Erie	45	McKean	52	Tioga	30
Bucks	6	Fayette	66	Mercer	47	Union	2
Butler	7	Forest	40	Mifflin	55	Venango	41
Cambria	63	Franklin	13	Monroe	48	Warren	34
Cameron	11	Fulton	31	Montgomery	3	Washington	21
Carbon	58	Greene	59	Montour	17	Wayne	24
Centre	4	Huntingdon	27	Northampton	18	Westmoreland	20
Chester	1	Indiana	42	Northumberland	57	Wyoming	43
Clarion	50	Jefferson	56	Perry	32	York	15
Clearfield	44	Juniata	12	Philadelphia	67		

### HOW DO COUNTIES RANK FOR HEALTH FACTORS?

The blue map displays Pennsylvania’s summary ranks for **health factors**, based on weighted scores for health behaviors, clinical care, social and economic factors, and the physical environment.

Lighter shades indicate better performance in the respective summary rankings. Detailed information on the underlying measures is available at [countyhealthrankings.org](http://countyhealthrankings.org)

County	Rank	County	Rank	County	Rank	County	Rank
Adams	14	Clinton	61	Lackawanna	28	Pike	18
Allegheny	21	Columbia	33	Lancaster	9	Potter	63
Armstrong	45	Crawford	35	Lawrence	50	Schuylkill	49
Beaver	42	Cumberland	4	Lebanon	10	Snyder	11
Bedford	54	Dauphin	26	Lehigh	24	Somerset	58
Berks	27	Delaware	15	Luzerne	53	Sullivan	37
Blair	30	Elk	13	Lycoming	29	Susquehanna	40
Bradford	38	Erie	56	McKean	47	Tioga	31
Bucks	3	Fayette	66	Mercer	60	Union	7
Butler	8	Forest	65	Mifflin	59	Venango	41
Cambria	57	Franklin	19	Monroe	44	Warren	20
Cameron	34	Fulton	48	Montgomery	1	Washington	25
Carbon	62	Greene	64	Montour	6	Wayne	32
Centre	5	Huntingdon	43	Northampton	12	Westmoreland	17
Chester	2	Indiana	55	Northumberland	52	Wyoming	39
Clarion	36	Jefferson	51	Perry	23	York	16
Clearfield	46	Juniata	22	Philadelphia	67		

## 2016 COUNTY HEALTH RANKINGS: MEASURES AND NATIONAL/STATE RESULTS

Measure	Description	US Median	State Overall	State Minimum	State Maximum
<b>HEALTH OUTCOMES</b>					
Premature death	Years of potential life lost before age 75 per 100,000 population	7,700	6,900	4,000	12,800
Poor or fair health	% of adults reporting fair or poor health	16%	16%	10%	23%
Poor physical health days	Average # of physically unhealthy days reported in past 30 days	3.7	3.8	2.8	4.5
Poor mental health days	Average # of mentally unhealthy days reported in past 30 days	3.7	4.1	3.4	4.8
Low birthweight	% of live births with low birthweight (< 2500 grams)	8%	8%	5%	11%
<b>HEALTH FACTORS</b>					
<b>HEALTH BEHAVIORS</b>					
Adult smoking	% of adults who are current smokers	18%	20%	14%	23%
Adult obesity	% of adults that report a BMI ≥ 30	31%	29%	24%	36%
Food environment index	Index of factors that contribute to a healthy food environment, (0-10)	7.2	7.7	6.5	8.5
Physical inactivity	% of adults aged 20 and over reporting no leisure-time physical activity	28%	24%	17%	34%
Access to exercise opportunities	% of population with adequate access to locations for physical activity	62%	85%	39%	100%
Excessive drinking	% of adults reporting binge or heavy drinking	17%	18%	16%	21%
Alcohol-impaired driving deaths	% of driving deaths with alcohol involvement	31%	33%	11%	57%
Sexually transmitted infections	# of newly diagnosed chlamydia cases per 100,000 population	287.7	407.8	71.2	1,264.5
Teen births	# of births per 1,000 female population ages 15-19	40	27	6	51
<b>CLINICAL CARE</b>					
Uninsured	% of population under age 65 without health insurance	17%	12%	8%	17%
Primary care physicians	Ratio of population to primary care physicians	1,990:1	1,220:1	3,670:1	210:1
Dentists	Ratio of population to dentists	2,590:1	1,550:1	8,270:1	980:1
Mental health providers	Ratio of population to mental health providers	1,060:1	580:1	8,270:1	260:1
Preventable hospital stays	# of hospital stays for ambulatory-care sensitive conditions per 1,000 Medicare enrollees	60	57	28	92
Diabetic monitoring	% of diabetic Medicare enrollees ages 65-75 that receive HbA1c monitoring	85%	86%	80%	94%
Mammography screening	% of female Medicare enrollees ages 67-69 that receive mammography screening	61%	64%	53%	75%
<b>SOCIAL AND ECONOMIC FACTORS</b>					
High school graduation	% of ninth-grade cohort that graduates in four years	86%	86%	72%	95%
Some college	% of adults ages 25-44 with some post-secondary education	56%	62%	26%	78%
Unemployment	% of population aged 16 and older unemployed but seeking work	6.0%	5.8%	4.1%	8.0%
Children in poverty	% of children under age 18 in poverty	23%	19%	8%	41%
Income inequality	Ratio of household income at the 80th percentile to income at the 20th percentile	4.4	4.8	3.4	6.2
Children in single-parent households	% of children that live in a household headed by a single parent	32%	33%	18%	59%
Social associations	# of membership associations per 10,000 population	13.0	12.3	7.6	26.6
Violent crime	# of reported violent crime offenses per 100,000 population	199	357	83	1,190
Injury deaths	# of deaths due to injury per 100,000 population	74	67	37	112
<b>PHYSICAL ENVIRONMENT</b>					
Air pollution – particulate matter	Average daily density of fine particulate matter in micrograms per cubic meter (PM2.5)	11.9	12.9	11.5	14.2
Drinking water violations	Indicator of the presence of health-related drinking water violations. Yes - indicates the presence of a violation, No - indicates no violation.	NA	NA	No	Yes
Severe housing problems	% of households with overcrowding, high housing costs, or lack of kitchen or plumbing facilities	14%	15%	7%	24%
Driving alone to work	% of workforce that drives alone to work	80%	77%	50%	85%
Long commute – driving alone	Among workers who commute in their car alone, % commuting > 30 minutes	29%	35%	17%	58%

## 2016 COUNTY HEALTH RANKINGS: DATA SOURCES AND YEARS OF DATA

	Measure	Data Source	Years of Data
<b>HEALTH OUTCOMES</b>			
<b>Length of Life</b>	Premature death	National Center for Health Statistics – Mortality files	2011-2013
<b>Quality of Life</b>	Poor or fair health	Behavioral Risk Factor Surveillance System	2014
	Poor physical health days	Behavioral Risk Factor Surveillance System	2014
	Poor mental health days	Behavioral Risk Factor Surveillance System	2014
	Low birthweight	National Center for Health Statistics – Natality files	2007-2013
<b>HEALTH FACTORS</b>			
<b>HEALTH BEHAVIORS</b>			
<b>Tobacco Use</b>	Adult smoking	Behavioral Risk Factor Surveillance System	2014
<b>Diet and Exercise</b>	Adult obesity	CDC Diabetes Interactive Atlas	2012
	Food environment index	USDA Food Environment Atlas, Map the Meal Gap	2013
<b>Alcohol and Drug Use</b>	Physical inactivity	CDC Diabetes Interactive Atlas	2012
	Access to exercise opportunities	Business Analyst, Delorme map data, ESRI, & US Census Tigerline Files	2010 & 2014
	Excessive drinking	Behavioral Risk Factor Surveillance System	2014
<b>Sexual Activity</b>	Alcohol-impaired driving deaths	Fatality Analysis Reporting System	2010-2014
<b>Sexual Activity</b>	Sexually transmitted infections	National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention	2013
	Teen births	National Center for Health Statistics - Natality files	2007-2013
<b>CLINICAL CARE</b>			
<b>Access to Care</b>	Uninsured	Small Area Health Insurance Estimates	2013
	Primary care physicians	Area Health Resource File/American Medical Association	2013
	Dentists	Area Health Resource File/National Provider Identification file	2014
	Mental health providers	CMS, National Provider Identification file	2015
<b>Quality of Care</b>	Preventable hospital stays	Dartmouth Atlas of Health Care	2013
	Diabetic monitoring	Dartmouth Atlas of Health Care	2013
	Mammography screening	Dartmouth Atlas of Health Care	2013
<b>SOCIAL AND ECONOMIC FACTORS</b>			
<b>Education</b>	High school graduation	EDFacts	2012-2013
	Some college	American Community Survey	2010-2014
<b>Employment</b>	Unemployment	Bureau of Labor Statistics	2014
<b>Income</b>	Children in poverty	Small Area Income and Poverty Estimates	2014
	Income inequality	American Community Survey	2010-2014
<b>Family and Social Support</b>	Children in single-parent households	American Community Survey	2010-2014
	Social associations	County Business Patterns	2013
<b>Community Safety</b>	Violent crime	Uniform Crime Reporting – FBI	2010-2012
	Injury deaths	CDC WONDER mortality data	2009-2013
<b>PHYSICAL ENVIRONMENT</b>			
<b>Air and Water Quality</b>	Air pollution - particulate matter <sup>1</sup>	CDC WONDER environmental data	2011
	Drinking water violations	Safe Drinking Water Information System	FY2013-14
<b>Housing and Transit</b>	Severe housing problems	Comprehensive Housing Affordability Strategy (CHAS) data	2008-2012
	Driving alone to work	American Community Survey	2010-2014
	Long commute – driving alone	American Community Survey	2010-2014
