DATA DRILLDOWN EXERCISE

The County Health Rankings & Roadmaps Data Drilldown guide helps you navigate the information in your county’s snapshot and identify key areas where you may wish to look for additional data. It also directs you to additional national and state data sources.

**Directions**
- Find your county’s snapshot at [www.countyhealthrankings.org](http://www.countyhealthrankings.org).¹
- Use the Data Drilldown Guide handout to review the snapshot.²
- Record your notes and additional questions here.

**USING YOUR SNAPSHOT**

<table>
<thead>
<tr>
<th>Health Outcomes</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>How does your county rank?</td>
<td></td>
</tr>
<tr>
<td>How do your measures compare with state averages?</td>
<td></td>
</tr>
<tr>
<td>Premature Death</td>
<td></td>
</tr>
<tr>
<td>Poor or fair health</td>
<td></td>
</tr>
<tr>
<td>Poor physical health days</td>
<td></td>
</tr>
<tr>
<td>Low birthweight</td>
<td></td>
</tr>
</tbody>
</table>

Where is your county doing well? | Where might your county need to improve? |

What other sources of data might you need to better understand what is going on in your selected community?

---

¹ To find your snapshot, go to [www.countyhealthrankings.org](http://www.countyhealthrankings.org) and select your state and then your county. You will see the county’s “data snapshot.”
Health Factors

Is there one factor that’s ranked less healthy than the others?

Health Factor 1:

Measure 1:
Measure 2:
Measure 3:
Measure 4:
Measure 5:
Measure 6:
Measure 7:

Note: Some health factors have fewer than seven measures, so you may not need to fill in all measures spaces.

Where is your county doing well?

Where might your county need to improve?

How do the Areas to Explore compare with your findings?
DIGGING DEEPER

What other information would help you further understand health in your community?

What other groups might you categorize data by?

Consider what you learned from your county’s snapshot. What other questions might you want to ask to better understand your community’s health factors?
