

County Health Rankings & Roadmaps

Building a Culture of Health, County by County

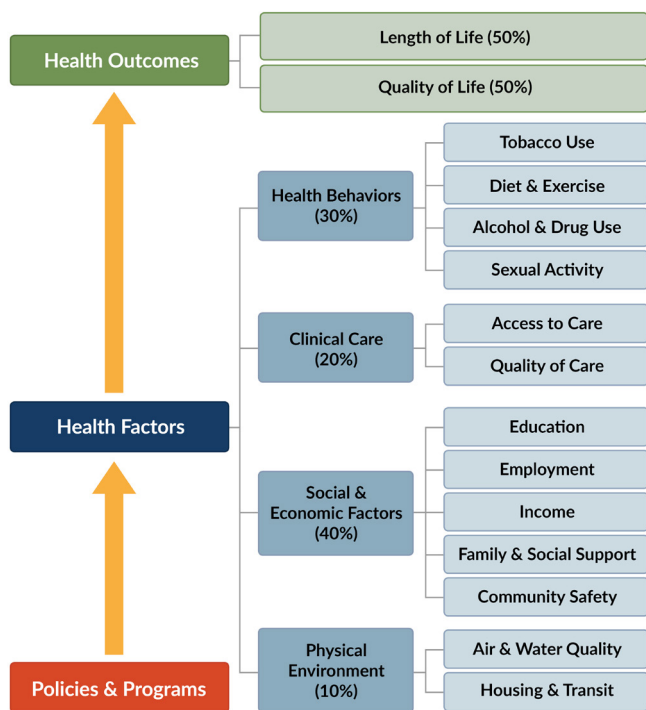

County Health Rankings & Roadmaps provides data, evidence, guidance and examples to build awareness of the multiple factors that influence health and support leaders in growing community power to improve health equity.

EXPLORE HEALTH RANKINGS

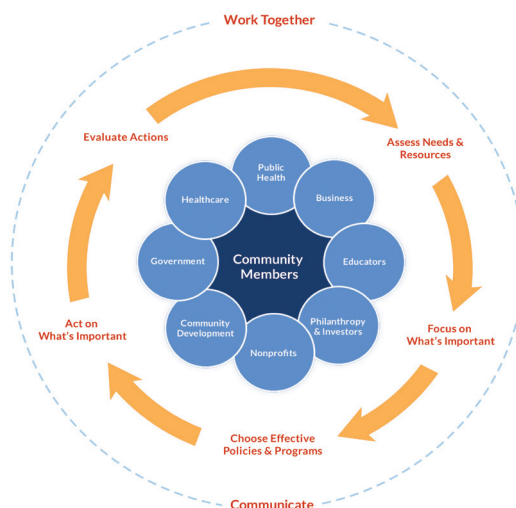

The Rankings measure the health of nearly every county in all 50 states, and are complemented by guidance, tools and resources designed to accelerate community learning and action.

Communities use the Rankings to grow community power for health equity initiatives among government agencies, health care providers, community organizations, business leaders, policymakers and the public.

County Health Rankings & Roadmaps' work is rooted in a sincere belief in health equity, the idea that everyone deserves a fair and just opportunity to be as healthy as possible.

MOVING WITH DATA TO ACTION

The Take Action to Improve Health and Online & On Air sections of our website help communities look at the factors influencing residents' health, select effective strategies, and explore real-world examples to advance health and health equity. The sections include:

- **What Works for Health:** Searchable database of evidence-informed strategies, policies, programs and systems changes
- **The Action Center:** Step-by-step guidance and tools to move from data to action
- **Webinars:** Live and archived presentations showcasing promising approaches and real-world examples on a range of topics. Post-webinar discussions allow attendees to continue the conversation in virtual, small-group settings.
- **Podcast "In Solidarity":** Conversations with some of our nation's brightest minds and bold leaders connecting power, place and health.
