 - [Follow us on LinkedIn](#)

Highlighted Guidance

- Use [What Works for Health's equity analysis](#) to identify evidence-informed ways to advance health and equity.
- Check out this CHR&R blog for guidance on how to use the [congressional district map tool](#) to support advocacy work with elected officials.

Guest Resources

Blaire Bryant

Legislative Director for Health, National Association of Counties

[The County Role in Public Health](#) describes the role of county public health departments in addressing social determinants of health in communities. This National Association of Counties brief outlines key federal policy recommendations to safeguard funding and authority for local public health services and programs.

Dr. Keshia Pollack Porter

Professor, Johns Hopkins Bloomberg School of Public Health

[Policy Engagement](#) is a toolkit of practical strategies for informing and influencing policymakers. The guide is part of the American Public Health Association and de Beaumont [Strategic Skills for Public Health Practice](#) series.

Healthy Places by Design (HPbD)

[Healthy Places by Design](#) facilitated the post-webinar discussion group. HPbD's [Community Action Model](#) was developed with insights from more than a dozen years supporting successful community health initiatives and a deep understanding of the community change process.
