Imagine this...

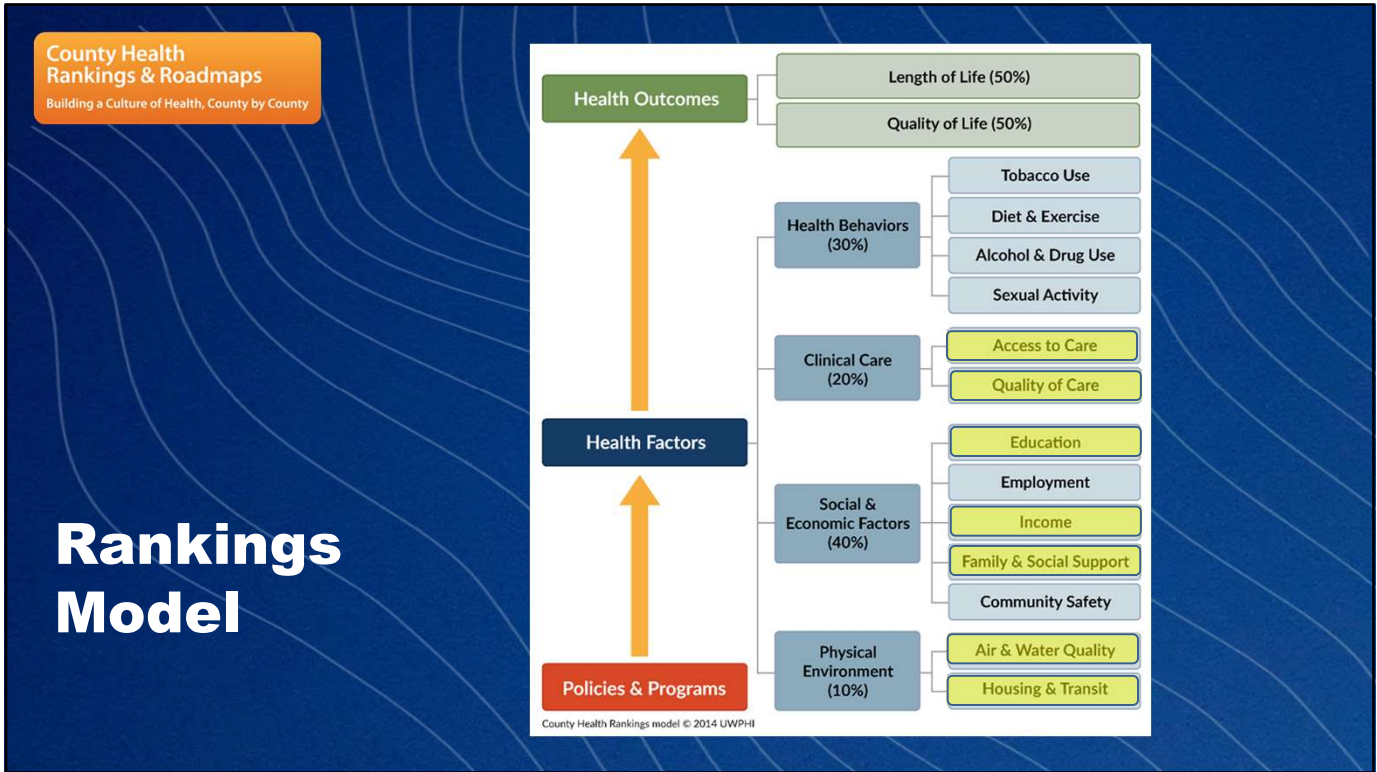

- Your land where your home is located is confiscated.
- The language you speak is banned.
- You are forbidden from practicing your cultural traditions.
- Your response to the trauma you experience may be punishable by law.

3

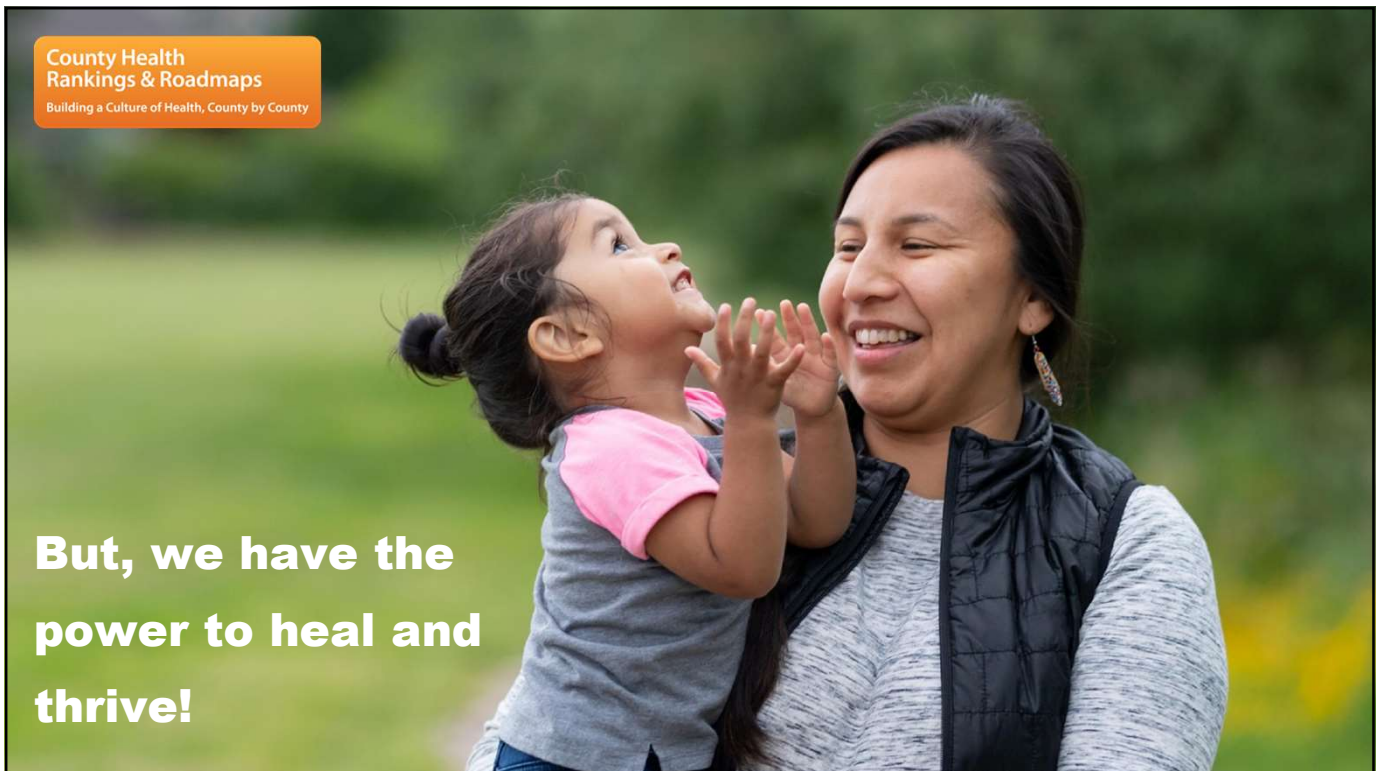

**Historical injustices
produce unhealthy
outcomes.**

Questions we will explore...

How are these communities responding to racism as a part of their healing work?

How do we indigenize systems and polices?

How are the ideas of liberation and self-determination connected to health and healing?
